The Secretary to the Government of

Development Department,
BANGALORE.

Dear Sir,

I beg to acknowledge the receipt of your letter No.D.5966/T.C.9-31-4, dated the 25th May, 1932, fixing the budget for my office for the year 1932/33. I am aware of the great financial stringency and shall endeavour to work within the limits set out in the budget sanctioned by Government.

In regard to the appointment of Mr. Murty, I beg earnestly to request, for the consideration of Government, that a sum of £180. more may kindly be sanctioned to enable me to continue this officer's services. In view of the competition of Indian Sandalwood Oil in England, manufactured by Indian firms, it has become very important to keep in close touch with our consumers, although for the moment, owing to the depression, the sales will not show any improvement.

It is also necessary to keep in touch with the Surveyors and County Councils to sell the granite I have in stock, and the stock that is now in Bangalore in the possession of the Director of Industries.

For these reasons I request that

Development Secretary. 24th June, 1932.

Government may be pleased to reconsider the continuance of the employment of this officer during the current year. I shall retain this officer for the month of July in the hope that the orders of Government will be obtained in regard to this matter.

I may also state that the Director of Industries has sent a number of Artware goods for introduction in the London market.

I beg to state that I should not have urged the reconsideration of the Government Order regarding the question of continuing Mr. Murty's services if I did not feel it absolutely necessary to keep this officer. As the additional amount that is required for this purpose is only £~~40~~90. I beg you to move Government to sanction the grant.

Yours faithfully,

C Rangaswamy Iyengar

I am most unwilling to postpone expenses, but I am afraid this is a matter in which we would do well to accept the T.C.'s proposal. Our business in England is in an anxious state, as ~~it is almost certain~~ that our competitors who have representatives on the spot (like Warden) are certain to approach the smaller purchasers with offers of lower prices. The defection of the smaller customers will necessarily be the first indication of an adverse set in our business and has therefore to be carefully watched and promptly countered by a reduction of prices, if necessary. This step we are I believe prepared to take; the trouble is that unless we have a travelling salesman who is in continuous touch with the market, we shall not have our information till it is too late for preventive action. We cannot afford to take chances.

But compare (A) in T.C.'s letter: he expects no impt. in spite of present scarcity's continuance

I would suggest that the Secty maybe employed at the former rate of remuneration till the end of Dec 1932 and that the T.C. might ask him to submit a monthly journal of work done — which maybe forwarded to Govt with the T.C.'s remarks.

Dear Sir,

I beg to acknowledge the receipt of your letter No.D.9360/E.C.9-32-1, dated the 25th May, 1932, stating the amount for my office for the year 1932/33. I am aware of the grant situation and shall endeavour to work within the limits set out in the budget sanctioned by Government.
